# Industrial Logistics

**SEKO supports organizations in the industrial sector with a suite of supply chain services. Our expertise in heavyweight transportation and critical factory parts logistics help shippers to overcome Global supply chain hurdles.**

Our Global network of 120 locations across 40 countries coupled with our dedicated and trained staff and best-in-class technology provides dynamic logistics solutions to the industrial sector.

“Thank you so much. I wanted to pass on the positive feedback we have received from our shipping department. Please keep up the great work. We will continue to use you and your impeccable service. You are awesome!”

Mary Jane Lucas - ChemTreat Inc.

## Aerospace

SEKO supplies Global aircraft manufacturing logistics support as well as both civilian and military aircraft operations and fulfillment logistics services. Regardless of the size of the engine or the same day transportation requirements you may have, we can help you manage your vendors and meet tight deadlines anywhere in the world.

## Manufacturing Support

From pumps and valves to metal fabricating equipment, SEKO specializes in Global procurement via air, ocean and ground transportation for heavy machinery. We understand that, even though these items are heavy and sometimes oversized, you still need to meet your customer's production schedules. Our worldwide network of offices can help you navigate through borders and into your client's facility.

## Critical Factory Parts Replenishment

When a factory goes down and needs a critical part replenished, you need a logistics partner that will answer the phone at all hours of the day, any time of year. Whether you require a personal courier or 'next flight out' air cargo services, SEKO is there for you.

## Chemicals

From hazardous materials to regular drums of liquid compounds, we provide full service logistics and transportation support to the chemicals industry. We have trained staff at many locations ready to handle your chemical products.

## Building Materials

Construction of homes, offices and factories continues to expand in almost every country. You need a reliable partner that operates worldwide, to help you gain access to new markets so you can expand your business. SEKO helps suppliers to the construction industry with fulfillment and transportation services.

## Purchase Order Management

Our latest, in-house developed PO Management System keeps you informed on where your containers are, where they are going, where they are stored and when they have arrived. From home or office, it's easy and effortless.

*PO Management*

## We Specialize in Special Handling

We offer all sorts of project cargo services, including break bulk and RO/RO, and we deal in all manner of sizes and weights for specialized cargo.

## About SEKO Logistics

We provide a suite of logistics services which enable you to use your supply chain as a competitive differentiator. As a customer centric organization, we are powered by the expertise of our people and our in-house developed, best in class, customizable technology. It is this combination which gives SEKO its strength.

With over 120 offices in 40 countries worldwide, SEKO's unique shareholder management model enables you to benefit from our specific industry sector expertise, coupled with vital in-country knowledge and unparalleled service at the local level. This unique model provides you with:

- Hands-on service and support
- Personal relationships
- Creative, customized solutions
- Responsiveness and reliability
- Flexibility and consistency

We have a flat management structure, with just three layers between you and the CEO, making us 'fast on our feet' in delivering solutions that can meet your exact requirements. This lean and nimble structure increases our decision-making speed and gives us an ability to implement customized solutions which far exceed those of our competitors.
