

Quality Policy and Core Values

Quality Policy

SEKO Worldwide LLC is ISO 9001:2015 certified for providing transportation, logistics, NVOCC and warehouse services.

Our Mission is to provide exemplary customer service and best in class technology solutions to our transportation and logistics customers worldwide. This is accomplished with a commitment to exceed our customers' expectations and requirements, and perform within the requirements of our Business Management System.

SEKO acknowledges quality as an ongoing process. Through our commitment to continual improvement, we will remain a leader in the industries we serve.

Our quality commitment is based upon SEKO's Core Values.

Core Values

1. Respect — for ourselves, all others, and our community;
2. Customer Focus — we are in business to serve our customers (internal & external) and satisfy their needs;
3. Integrity — no compromise - hold self accountable for actions;
4. Teamwork — we need to really work together; and
5. Fun — work hard; play hard.
